

Where Community and Commerce Meet!

February 2020 | Newsletter

Letter from the President

January has come and gone already. February has begun and I hear that we are going to have an early spring. Valentine's Day and President's Day is just around the corner.

Java Talks are a great way to promote your business as well as meet individuals from local businesses. Each month the attendees increase and hosts get to share their story.

Luncheons have also gained attendance and we look forward to seeing you at our upcoming luncheon on February 19th. The topic this month is "Benefits of Being a Sponsor".

Your support as a member as well as your participation in our monthly events are greatly appreciated. We look to continually support you and if you have any suggestions on how we can improve, please let us know. We are happy to hear how we can better serve you.

Sincerely,
Scott A Lacik
President Cicero-Plank Road Chamber

Membership Drive

We are currently running our membership drive and if you haven't renewed your membership yet, we hope you consider doing so. Please be assured that your membership will continue to be a wise investment for your company.

Business of the Month

Kishmish is a boutique information technology company headquartered in Syracuse, New York. Since 1999, Kishmish has honed its offerings into two major categories: Network Services and Web Services. The differentiation of these divisions has helped us better describe our wide range of offerings, when the truth of the matter is that we find ourselves often collaborating on mutual projects for the common good of our clients. Together, we offer both a wide perspective of IT needs, and the ability to run deep and on the cutting edge when asked to. Many of our clients ask the question, "Why are you headquartered in Syracuse?" The answer is simple; it is where many of us met and it is where our home is. If we do our job correctly and support ourselves as we support our clients, the location does not matter. Proof of this lies within our full-time team makeup, with members working remotely in Europe and New York City as well as partners across the nation helping us streamline our clients' needs.

Events:

January 9th - Java Talk
hosted by Glass Doctor:

January 15th Luncheon - Thank you to Brett Grandjean of Grandjean & Wagner, Inc. presenting your Annual Tax Update:

Our Mission

Our primary goals are to strengthen our local economy, to promote the community, provide networking opportunities, represent the interest of business with government and develop community leaders. Our mission and goals can only be met when we partner with you to make our communities future brighter.

Be sure to check our Calendar of Events!

Java Talk

Java Talk is an informal networking event held the first Thursday of every month from 8:30 a.m. to 9:30 a.m.

This month's Java Talk was held on February 6th and hosted by Kishmish at Microsoft at Destiny USA. We would like to thank everyone who attended and thank Kishmish for hosting. It was great to learn more about this these two business.

Stay tuned for more information on our March Java Talk hosted by Visions Federal Credit Union.

Monthly Luncheon

Join us as we hear the benefits of becoming a sponsor on February 19th.
